**New Sponsor for Home-Based Business Lunch and Learn Series and Conference
Presents Sweepstakes**

The Peninsula Home-Based Business Network is excited to announce that T-Mobile has joined as a sponsor for the 2021 Home-Based Business Virtual Lunch & Learn Series and Annual Conference.

T-Mobile will be offering a new sweepstakes as part of their sponsorship. Each time participants attend one of the seven monthly Lunch & Learn sessions, they will be given a link to enter into a drawing for a chance to win a \$1,500 Best Buy gift card courtesy of T-Mobile! The drawing will be held during the final Lunch & Learn of the year on September 8, 2021. The more sessions attended, the more chances to win!

And what home-based business owner doesn't need a vacation? T-Mobile will also be offering a new "Getaway Your Way" sweepstakes, as part of the annual Home-Based Business Conference. Attendees at this year's virtual conference, planned for Wednesday, October 13, 2021, can also click to enter into a drawing for a \$2,000 Delta Airlines travel voucher!

The next Home-Based Business Lunch & Learn is Wednesday, April 14 at noon. Register to attend *Review, Reimagine & Reignite* featuring Marla Schuchman of Made in 757. This session is free, but requires [registration](#).

Each session will include a keynote speaker and Q&A, as well as virtual networking, if time allows. This series will continue on the second Wednesday of each month through September.

The Home-Based Business Virtual Lunch and Learn Series is presented by York County, Williamsburg, James City County, Poquoson, Gloucester County, Newport News and Hampton. T-Mobile is the 2021 sponsor.

For more information about the event, please visit the [Facebook event page](#).

The Home-Based Business Conference and its related Lunch & Learn Series began as programs of the York County Economic Development Office, in partnership with the York County Chamber of Commerce. County representatives learned that two-thirds of York County's businesses are home-based, a trend that is growing both locally and nationally. In 2018, all six neighboring localities joined together to co-host the conference and lunch & learn series. This strategic partnership, now dubbed the Peninsula Home-based Business Network, allows these nationally award-winning home-based initiatives to reach and assist more local business owners.
